

A person's
a person,
no matter
how small!

Are you big or small? _____

Are you a girl or a boy? _____

Are you old or young? _____

It makes no difference whether you are big or small, boy or girl. What matters is that each of us is a person, and that each of us has an identity, and that we are all important in our society.

THE CHALLENGE: You can share the story of Horton and the Whos with your friends and family. Tell them that a person is a person, no matter how small. They are important, and so are you!
