

For a Less Discriminatory World

Kindness

Education

Respect

We need to be careful with our attitudes. Sometimes we discriminate against people unintentionally or because we're not paying attention, and we make a simple comment that is a form of discrimination!

How can you make a difference or help to make a change to decrease discrimination among people. Write your thoughts here, or if you prefer, make a drawing.

THE CHALLENGE: Ask yourself, "Is there a way I might help to make a change?" And do it!
