

## Religious Diversity Is a Human Right

What did you learn from the story about the woman and the man in the airplane? Circle the statement that is NOT correct.

1. We should respect people of all religious beliefs and backgrounds.
2. We should not try to stop other people from enjoying their rights.
3. We should be able to ask someone to move somewhere else if we don't like him or her sitting next to us because of their beliefs or way of dressing.
4. We are all equals.

We have no right to treat people badly because of their religious beliefs or practices that are different from our own.

**THE CHALLENGE:** This week, find someone with a different belief or religion than yours.

- Ask her or him to explain it to you.
- Listen carefully and respectfully.
- Tell them thank you for sharing.
